ST. ANDREW'S CHURCH - MT. PLEASANT, S. C.

Erected about 1857 the brown frame Episcopal Church replaced an older building which in turn replaced the Wappetaw Chapel of Ease. Historic Mt. Pleasant is one of South Carolina's oldest summer resorts and now a year 'round vacation center.

Hello All,

Am on the beach trying to get a tan. Temp. 72°. Spent one night in Jacksonville, N.C. at a big house of Selby's Aunt. Last night in a forest covered with Spanish moss. Really beautiful country. Will stay here tonight & head back through the center of the state tomorrow & hit Wash. on Sat. Too many clouds to get a tan. You should see all the flowers & Palm trees. Really going to be funny going back North.
